

BEFORE THE STATE ENGINEER OF THE STATE OF UTAH

IN THE MATTER OF EXCHANGE

APPLICATION NUMBER E3352 (35-9927)

MEMORANDUM DECISION

Exchange Application Number E3352 (35-9927), in the name of Gary Card, was filed on November 4, 1994, to exchange 1.0 acre-foot of water as evidenced by U.S. Bureau of Reclamation and contract with Weber Basin Water Conservancy District, under Water Right Numnbers 35-830 (A27611) and 35-1213 (A32372). The 1.0 acre-foot of water is to be released into the Weber River and, in lieu thereof, 1.0 acre-foot of water will be diverted from a six inch well, 100 foot to 400 foot deep, located North 2350 foot and East 200 foot from the SW Corner of Section 24, T 3N, R 2E, SLB&M, and used for the irrigation of 0.18 acre and the domestic purposes of one family.

The application was advertised in the Morgan County News from November 25, 1994, to December 9, 1994, and was not protested.

It appears that this exchange can be made provided certain precautions are observed.

It is, therefore, **ORDERED** and Exchange Application Number E3352 (35-9927) is hereby **APPROVED** subject to prior rights and the following conditions:

- 1) The basis for this exchange right is a contract between the applicant and Weber Basin Water Conservancy District. This contract must be maintained for this exchange to remain valid. No water may be withdrawn from the well if a contract is not in effect.
- 2) Total diversion under this exchange application for all uses applied for is limited to 1.0 acre-foot of water per year. These uses are limited to the irrigation purposes of 0.18 acre and the domestic purposes of one family. For the purpose of regulating this exchange, the applicant shall install a permanent totalizing meter to measure withdrawals from the well, which meter shall be available for inspection by the commissioner of the Weber River at any reasonable time.
- 3) The water being exchanged shall be released from East Canyon Reservoir into the Weber river as called for by the river commissioner.
- 4) Under the authority of Section 73-3-20 of the Utah Code, the applicant is required to submit a proof diversion and beneficial use of water upon 60 days notification by the State Engineer. The proof shall be in the same form and contain the same elements as required for appropriation or permanent change of water under Section 73-3-16 of the Utah Code Annotated.
